**Your biggest  
lamp expense  
could be  
the time spent  
changing  
them...**

## **Now! Change for the better...with Sylvania Long-Life Decor 4 Lamps**

### **Gain up to twice the life—and more!**

Yes! Many Sylvania quality decor lamps now feature a longer-rated life. Called Decor 4, they last up to 4000 hours—far more than most other decorative lamps. The time you save in lamp changes alone—especially in hard-to-reach places—make Sylvania Decor 4 lamps today's sensible cost-saving choice for your decorative lighting fixtures.

### **Protection for your valuable fixtures!**

Another money-saving reason for specifying Sylvania Decor 4 lamps by name...they're made in U.S.A. to highest quality standards.

Unlike many inexpensive, imported decorator lamps, Sylvania Decor 4 lamps are internally fused—a process that minimizes the chance of lamp bases becoming bonded to fixture sockets by arc-out failures. Your costly fixtures are protected.

### **Largest selection of lamp types**

Sylvania offers you the broadest choice of long-life, decorative lamps in the industry: from the attractive, two-watt flicker lamp to the 150-watt, 5-inch diameter Globe lamp, a collection of over forty types. Next time you order decorative lamps, insist on Sylvania Decor 4 and make every lamp you change a change for the better!
